

20th Anniversary of SGX listing

Silverlake Axis celebrated its 20th Anniversary of SGX listing with our staff. The company has grown immensely over 34 years with unwavering support of our customers, business partners, valued shareholders through the commitment from the management and exceptional team of Silverlakers. As we move towards the future, we will continue to evolve, adapt and innovate together as a team in bringing Silverlake Axis to the next level.

SCBX-AutoX Innovative Transformation Strategy with MÖBIUS

Siam Commercial Bank is the first deployment of Siam Commercial Bank's innovative strategy of building new propositions outside of the traditional bank to develop new customer-centric propositions for the emerging financial ecosystems and marketplaces of Southeast Asia as well as the world beyond.

AutoX CEO Khun Apiphan Charoenanusorn announced at the recent AutoX public launch on 11th November 2022 that AutoX is on track to deliver a substantial new micro-lending business with a targeted IPO for this business by 2027. The AutoX Loan product offerings are already available in more than 1,000 new locations today, with a target of 1,200 sales points and a loan portfolio of THB 10Bn by the end of this year; this will increase to 3,000 sales points generating a targeted THB70Bn in 2025. AutoX has designed innovative, simplified process orchestrations deployed on Silverlake Axis' new cloud-native MÖBIUS platform.

“ Thailand is a digitally mature and competitive market - where banks must continuously seek the cutting edge of transformation to remain ahead. ”
Khun Apiphan

At AutoX, new product ideas and service innovations are offered inside the MÖBIUS Platform which contains a powerful product factory configurator to enable innovation to be delivered at faster speed and lower cost. Silverlake Axis' MÖBIUS platform is cloud native available on hybrid and public cloud as a SaaS offering. The core banking system on cloud is one of the first core banking solutions to be re-architected on JAVA microservices ready for the coming 4th Industrial Revolution in financial services.

Congratulations

Our company's founder and current executive chairman, Mr. Goh Peng Ooi, was recently honoured with the Japanese Decoration – The Order of the Rising Sun, Gold Rays with Rosette, in recognition of his exceptional efforts to foster business ties between Japan and Malaysia.

Mr. Goh received his conferment on 10th November 2022 at the Japanese Ambassador's Residence in Kuala Lumpur.

Executive Roundtable Bangkok

October 2022

As your committed partner Silverlake Axis work together giving our best to help customers with different roadmap to achieve their goals, be it on our proven and stable flagship SIBS or MÖBIUS digital platform that is launched and enabled Siam Commercial Bank's microlending business AutoX.

Ouracha Pongwattana - Country Director Thailand

Executive Roundtable Kuala Lumpur

7 December 2022

Core Banking transformation remains a cornerstone to Silverlake Axis, and this is why we continue to emphasise the 3E's of transformation. We strive to build on our historical transformation track record and work together such that each business has a tailored roadmap to achieve each own goals and visions. No matter the preference of technology platform, we will equip our customers with the ability to combine a stable core banking with flexible and agile deployments.

*Cassandra Goh - Executive Director
Deputy Chief Executive Officer*

Silverlake Axis Updates

Philip Law joins us as an outward-facing Product and Chief Technology Officer, representing the group to align its product differentiation and strategies to the market, community and

industry. This marks another step forward and an even stronger commitment in Silverlake Axis' vision of delivering solutions and transformation strategies for the digital age. A technology evangelist with over 25 years of experience in the technology financial services sector, Mr Law is a proven leader with an impeccable track record of delivering solutions and transformation strategies for the digital age, by drawing on his deep knowledge in trade finance, banking and cloud computing architectures.

Silverlake Axis welcomes Chia Yong Wei as the new Chief Executive Officer of Professional Services to represent the Group and oversee the implementation and delivery of solutions and services offered by the company. As the CEO of Professional Services, Yong Wei will be responsible for the development and oversight of PS strategies to transform and modernize

current professional services into a viable business while strengthening the business core and maintaining competitive advantage. Yong Wei held several key roles in Accenture before he moved on to be the Head of ICT of AirAsia. Prior to joining Silverlake Axis he was the Group Chief Executive Officer at Microlink Solutions Berhad. In his previous roles, Yong Wei provided executive leadership in securing the appointment of Omesti as Authorised System Integrators (ASI) of Huawei globally. He also led the expansion into the Middle East region, creating significant growth and opportunities.
